SCALE

Not to scale

PROJECTION

Third angle

Indicative drawing for planning. Sizes, materials and layout are confirmed in the written quotation.

04 FEATURES

WHY IT WORKS

01 40 to 50 m drop

A real big-height jump that pulls crowds.

02 Graded cords

Cord sets matched to each jumper's weight.

03 Drop tested

Cords and platform are tested before the first jump.

04 Jumpmaster training

On request, quoted separately.

05 PLANNING

SITE REQUIREMENTS

Structural anchor survey

An engineer checks the crane, tower or bridge where the platform will hang.

YOU AND JUMPING

Platform installation

The installation crew fits the jump platform, anchors and rescue system.

JUMPING

Cord certification and drop test

Every cord is checked and drop tested with weights before live jumps.

JUMPING

Jumpmaster and rescue training

Your jumpmasters learn weighing, harnessing, cord choice and rescue.

TRAINING BY SPECIALISTS, QUOTED

PRICE AND TERMS

STARTING PRICE

From ₹84,00,000

Tentative price for the standard configuration. The real quote is given after we understand the quality, quantity, size, materials, location, budget and current material prices.

GST	18%, extra
-----	------------

Installation	By technicians, quoted per project
--------------	------------------------------------

Shipping	Extra, at actual
----------	------------------

Safety	Certified Parts
Lead time	60 to 90 days
Warranty	As per the manufacturer's terms
Payment	As per the written quotation
Price valid	Confirmed in the quotation

07 PROCESS

HOW IT WORKS

01 Site survey

Engineers assess the location, ground, access and services.

02 Engineering and design

Drawings, load calculations and safety plan prepared for approval.

03 Approvals

Local permissions and third-party safety inspection arranged with you.

04 Build and commission

Installation by technicians, quoted separately, then load testing, operator training and handover.

ABOUT OUR PRICES

Made to your brief. Most of the range, and every project item, is fully customisable: size, shape, materials, finish, capacity and features are set to your requirement.

Prices are tentative and for guidance only. They are not an offer and not a final price.

Costs move with the world. Pricing depends heavily on international raw material prices and the USD to INR exchange rate. In the present geopolitical climate, freight, labour charges, the cost of living and taxes are all changing quickly, and prices change with them.

A firm price comes in writing. JumpKing issues a binding quotation only after understanding your full requirement: size, shape, quality, safety standards, location, budget, complexity and time frame.

Taxes as applicable on the date of supply. GST and any other taxes are charged at the rates in force when the goods and services are supplied.

Supplied by specialist manufacturers. JumpKing plans, designs and delivers. Photos, drawings and specifications are indicative; warranty is as per the manufacturer's terms.
