07 PROCESS

HOW IT WORKS

01 Brief and site check

We look at your space, footfall and the age group you serve.

02 Design and quote

Size, colours and branding fixed, with a firm price and lead time.

03 Supply

Made in commercial PVC to the agreed specification, packed and shipped to your site.

04 Install, DIY or by technicians

Most of it you set up yourself with the setup guide. Need technicians? Installation is quoted separately.

ABOUT OUR PRICES

Made to your brief. Most of the range, and every project item, is fully customisable: size, shape, materials, finish, capacity and features are set to your requirement.

Prices are tentative and for guidance only. They are not an offer and not a final price.

Costs move with the world. Pricing depends heavily on international raw material prices and the USD to INR exchange rate. In the present geopolitical climate, freight, labour charges, the cost of living and taxes are all changing quickly, and prices change with them.

A firm price comes in writing. JumpKing issues a binding quotation only after understanding your full requirement: size, shape, quality, safety standards, location, budget, complexity and time frame.

Taxes as applicable on the date of supply. GST and any other taxes are charged at the rates in force when the goods and services are supplied.

Supplied by specialist manufacturers. JumpKing plans, designs and delivers. Photos, drawings and specifications are indicative; warranty is as per the manufacturer's terms.
