SCALE

Not to scale

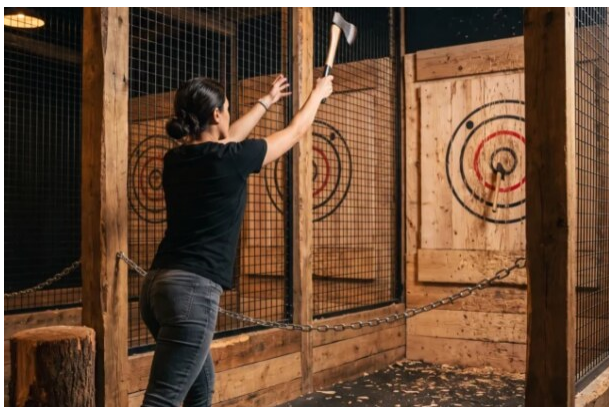

PROJECTION

Third angle

Indicative drawing for planning. Sizes, materials and layout are confirmed in the written quotation.

04 FEATURES

WHY IT WORKS

01 Caged lanes

Steel frame lanes with mesh walls keep each throw inside its own lane.

02 Built for groups

Friends and office teams play in rounds and keep score together.

03 Safety first

Throw line, side cages and trained marshals for every session.

04 Easy to maintain

Target planks are cheap to replace when they wear out.

05 PLANNING

SITE REQUIREMENTS

What we supply

Lane frames, target boards, axes, mesh walls and floor mats for your chosen number of lanes.

JUMPING

Site and services survey

A flat indoor or covered space with lighting and power for the scoring screens.

YOU SUPPLY

Lane installation

The installation crew fixes the frames, fits the targets and marks the throw lines.

YOU, OR TECHNICIANS AT A QUOTED CHARGE

Marshal training

Staff learn safe throwing rules, lane control and target changes.

TRAINING BY SPECIALISTS, QUOTED

Payment	As per the written quotation
---------	------------------------------

Price valid	Confirmed in the quotation
-------------	----------------------------

07 PROCESS

HOW IT WORKS

01 Site survey

Engineers assess the location, ground, access and services.

02 Engineering and design

Drawings, load calculations and safety plan prepared for approval.

03 Approvals

Local permissions and third-party safety inspection arranged with you.

04 Build and commission

Installation by technicians, quoted separately, then load testing, operator training and handover.

ABOUT OUR PRICES

Made to your brief. Most of the range, and every project item, is fully customisable: size, shape, materials, finish, capacity and features are set to your requirement.

Prices are tentative and for guidance only. They are not an offer and not a final price.

Costs move with the world. Pricing depends heavily on international raw material prices and the USD to INR exchange rate. In the present geopolitical climate, freight, labour charges, the cost of living and taxes are all changing quickly, and prices change with them.

A firm price comes in writing. JumpKing issues a binding quotation only after understanding your full requirement: size, shape, quality, safety standards, location, budget, complexity and time frame.

Taxes as applicable on the date of supply. GST and any other taxes are charged at the rates in force when the goods and services are supplied.

Supplied by specialist manufacturers. JumpKing plans, designs and delivers. Photos, drawings and specifications are indicative; warranty is as per the manufacturer's terms.
