WHY IT WORKS

01 Ready built cabin

The pod comes finished, so on site work is mostly the base and hook up.

02 Panoramic glass

Curved glass ends give a wide view from the bed and lounge.

03 Any scenic spot

Fits cliff tops, lake decks, forests and pool side layouts.

04 Moves as one unit

Delivered on a trailer and set down by crane in a few hours.

05 PLANNING

SITE REQUIREMENTS

Finished pod

The pod comes as a complete unit with shell, glazing, door and fitted interior.

SUPPLIED WITH THE ITEM

Site layout plan

Plan a deck or pad for each pod with a drive in path and space around it, as in the site plan.

YOU AND JUMPING

Base and crane set

A level concrete pad or pile base is needed, and a crane lifts the pod into place.

YOU, OR TECHNICIANS AT A QUOTED CHARGE

Trailer delivery

Each pod travels wrapped and strapped on a low bed trailer, so the road to site must take a large truck.

ABOUT OUR PRICES

Made to your brief. Most of the range, and every project item, is fully customisable: size, shape, materials, finish, capacity and features are set to your requirement.

Prices are tentative and for guidance only. They are not an offer and not a final price.

Costs move with the world. Pricing depends heavily on international raw material prices and the USD to INR exchange rate. In the present geopolitical climate, freight, labour charges, the cost of living and taxes are all changing quickly, and prices change with them.

A firm price comes in writing. JumpKing issues a binding quotation only after understanding your full requirement: size, shape, quality, safety standards, location, budget, complexity and time frame.

Taxes as applicable on the date of supply. GST and any other taxes are charged at the rates in force when the goods and services are supplied.

Supplied by specialist manufacturers. JumpKing plans, designs and delivers. Photos, drawings and specifications are indicative; warranty is as per the manufacturer's terms.
